**Decal Collage Workshop
with K Rhynus Cesark**

Do you want to include photographic
imagery or other printed imagery or
drawings into your clay work

easily?.....if so, please

join K for an information packed

demonstration focusing on

incorporating decal images into your

work. Commercial and laser printer

made decals will be demonstrated. K

will give a Powerpoint presentation

on current and historical ceramic

work that incorporates decals and

other printed imagery. Lusters and

china paint will also be

demonstrated. Some basic

Photoshop techniques will be reviewed.
